	MEMORANDUM FOR: Specia	al Assistant for Information Control	
		osed Classification Guidelines for ce of Finance	
	I have several though	ts with respect to the proposed guideline	:S.
	that extent they are unnecess it convenient to put out a paper	isions duplicate or quote To ary; on the other hand, if Finance finds er of this sort, there certainly is no to paragraphs 2, 3, 4, 7 and perhaps	STA
STAT	b. If Finance does include the provisions which duplicate provisions of and in particular if paragraph 2.f. is retail I should think it would be desirable to also include something from paragraph B.2. of Part II of		d, STA
	c. I am not sure of the basis for the first sentence of paragraph 5.b. Similiarly, paragraph 5.c. may be too broad. I do not know the basis for paragraph 9. The markings called for by paragraph 10 perhaps should be utilized only if they are utilized throughout the Agency. Paragraph 19 seems to be in error. Pre-June 1972 documents do not automatically declassify at the end of 30 years.
